

Public Works Project of the Year Award

Environmental Sustainability

Criteria Form

Environmental Sustainability includes Pathway to net zero, Climate resilient infrastructure, and Biodiversity

Purpose This OPWA Public Works Project of the Year Award was established to recognize how municipalities are working to address the impacts of climate change on municipal infrastructure, their community and the environment.

Eligibility Projects can be submitted by any managing agency or active member of OPWA.

Nomination Process Nominations of Project of the Year Awards should be made by the managing public agency or OPWA chapter or branches.

For any issues with submission, please contact info@opwa.ca

Selection Submissions will be reviewed and scored by the Awards Committee members and winning projects will be selected for each category.

Deadline February 23, 2024

Presentation For the winning submissions, designated representatives from the public agency, contractor and consultant (one each) will be given a framed certificate following the annual National Public Works Week Event.
