Project of the Year - Structures

As a Project of the Year Award, this recognition entails new public structures, or the preservation and/or rehabilitation of existing public structures including municipal buildings and parks. Other structures as defined in the Historical Restoration/ Preservation and Transportation categories shall not be considered in the Structures category.

Project Information

NOTE: This Submission Form cannot be submitted until all information requested below has been completed.

Sections 3 to 11 have required field entries - If a field is not applicable, enter "n/a".

Sections 12 to 14 are optional.

2. Project Name *

3. **Completion Date (substantial)**

Example: January 7, 2019

Project Cost (PC) = Design Cost + Construction Cost

4. **Cost Range ***

Mark only one oval.

- ☐ Less than \$2M
- ☐ \$2M - \$10M
- ☐ \$10M - \$50M
- ☐ Greater than \$50M

Structures Award Criteria

This information will be used by the Awards Committee judging panel to assess the content of the submission and ultimately to determine the winner for this award. Please ensure to address all applicable criteria in your responses.

Word Counts. Where a maximum word count is specified, the following character limits apply as a general guide:

250 words $\approx$ 1,600 characters

300 words $\approx$ 2,000 characters

500 words $\approx$ 3,300 characters

5. Utilization of good construction management techniques to ensure completion of the project on schedule. (max. 250 words) *

6. Safety performance and demonstrated awareness of the need for a good overall safety program during construction. (*max. 250 words*) *

7. Community relations as evidenced by efforts to minimize public inconvenience due to construction, safety precaution to protect public lives and property, provision of observation areas, guided tours, or other means of improving relations between the agency and the public. (*max. 250 words*) *

8. Demonstrated awareness for the need to protect the environment during the project. This includes any special considerations given to particular environmental concerns raised during the course of the project. (*max. 250 words*) *

9. Unusual accomplishments under adverse conditions including but not limited to age or condition of the facility, adverse weather, soil or other site conditions over which there is no control. (*max. 250 words*) *

10. Additional conditions deemed of importance to the public works agency such as exceptional efforts to maintain quality control and, if value engineering is used, construction innovations as evidenced by time and/or money-saving techniques developed and/or successfully utilized. (*max. 250 words*) *

11. Please describe how your project promotes excellence in the management and administration of public works projects by recognizing the alliance between the managing agency, the consultant/architect/engineer, and the contractor who, working together complete public works projects. (*max. 250 words*) *

12. Please describe the impact your project had on the community. (*max. 250 words*) *
